Explorer Wednesday

Wednesday, January 3, 2018

5:00 - 7:00 p.m.

Learn how household items can be combined to make polymers, a substance of many small parts that make one. Then, make your own polymer ball that will bounce once it dries at home.

Participate in Explorer Wednesdays activities at no extra charge with your regular museum admission from 5:00 to 7:00 p.m.

SPARK! *Permian Monsters: Life Before Dinosaurs*

Tuesday, January 16

10:00 - 11:30 a.m.

SPARK! is a cultural program for people with early to mid-stage memory loss and their care partners. Programs are designed to keep participants actively engaged in their communities by providing experiences that stimulate conversations, provide peer support, and inspire creativity through engaging in museum experiences.

[Click here to learn more about SPARK! at the Neville Public Museum.](#)

Over 250 million years ago, nearly all life on Earth went extinct. Learn about the strange animals and plants that occupied our planet, why this mass extinction occurred, and what animals and plants replaced the Permian Monsters.

There is no fee for this program, but registration is required.

To register, fill out this [form](#), email Ryan at swadley_rd@co.brown.wi.us, or call (920) 448-7840.

The SPARK! program at the Neville Public Museum is generously funded by BADER PHILANTHROPIES, INC.
