## Touchdown! Green Bay Packers Hall of Fame, Inc. at the Neville Public Museum

*Touchdown! Green Bay Packers Hall of Fame, Inc. at the Neville Public Museum* features artifacts and images from one of the most storied franchises in NFL history - the Green Bay Packers. The story is told through the history of the Green Bay Packers Hall of Fame, Inc. and its growth from a temporary display in 1967 to its current status as one of the most premier professional sports collections in the world.

Included in the exhibit are several never-before-seen artifacts and photographs as well as rare video footage from the 1930s to the present. This temporary exhibit is made possible as the

Packers Hall of Fame is undergoing a new transformation at Lambeau Field.

From the earliest days of football in Green Bay, to the teams' most recent success on the field, you will meet some of the legends from one of the most storied franchises in the NFL that have helped to define the identity of America's most popular sport.

*Touchdown!* opens April 5 and runs through the 2014 Green Bay Packers season.

Thank you to our exhibit partners: Green Bay Packers Hall of Fame, Inc., Green Bay Packers, Triad Creative Group, Inc.,

Green Bay Press Gazette, Digital Design Services, NBC26, and WIXX 101.

## Letter from the Interim Director

As I look out my office window I cannot help but notice how the open water on the river reflects joyous movement and progression of a new era for the Neville Public Museum. I am appreciative for those of you whom I have met in person. For those of you I have yet to meet I very much look forward to doing so.

Since January staff have created three major exhibitions that are sure to inspire you. *A Century of Discovery* highlights museum displays of the past, *Touchdown! Green Bay Packers Hall of Fame, Inc. at the Neville Public Museum* includes never-before-seen artifacts and photographs as well as rare video footage from the 1930s to

the present and *A World at War: 100<sup>th</sup> Commemoration of the Start of WWI*.

We are busy getting ready for the June 14<sup>th</sup> opening of *Agriculture to Tavern Culture: The Art, History and Science of Beer*. When partnered with *Touchdown!* this will be certainly a summer you will not want to miss at your Neville.

For one hundred years, the community has helped us preserve the legacy of the past and with continued support, we look forward to preserving the legacy

of the next one hundred years and beyond.

Sincerely, Beth

Interim Director Beth Lemke

## An Artistic Discovery, April 26-May 25, 2014

Each spring, the Congressional Institute sponsors a nationwide high school visual art competition to recognize and encourage artistic talent in the nation and in each congressional district. Students submit entries to their representative's office, and panels of district artists select the winning entries. The winning works are displayed for one year at the U.S. Capitol. This exhibition features 47 works of art

produced by high school students in Wisconsin's 8th Congressional District, currently represented by congressman Reid Ribble. Representative High Schools include: Appleton East and West, Ashwaubenon, Bay Port, De Pere (East and West), Kaukauna, Luxemburg-Casco, Notre Dame, Oconto, Renaissance School for the Arts, Sevastopol and Xavier High School.

The artwork covers a range of media and subject matter, which collectively display diverse levels of talent and exceptional creativity.

Congratulations to all of the artists and particularly to those selected by the judges.

Winners will be announced on April 27.
