A Night at the Museum to be Hosted by the Neville Public Museum Foundation

Green Bay, WI---November 6, 2015---The inaugural **A Night at the Museum - Centennial Celebration** will be presented by the Neville Public Museum Foundation on Tuesday, December 8, 2015. This event is a celebration of 100 years of our history, our community and our Museum and will be held at the Neville. The one-of-a-kind event will highlight the Museum's collections and experts and illustrate how far the Museum has come since its humble beginning in 1915 in the former Kellogg Library basement.

Funds raised from A Night at the Museum - Centennial Celebration will be used to support the Neville Public Museum Foundation which funds all exhibits and programs at the Museum. Each year the Foundation raises money to support the museum by paying for in-house and traveling exhibits, and exhibit-related expenditures, such as: marketing, artifact purchase and conservation, gallery construction and installation materials, educational gallery handouts and catalogs, audio-visual equipment, and computer hardware and software used in exhibits, exhibit-related programming and other educational activities.

By purchasing tickets for \$100/person for the 2015 A Night at the Museum - Centennial Celebration, you will not only take an active role in enriching our community, you'll also have the pleasure of attending the wonderful event we have planned featuring entertainment from Nancy Watts, John Kelley Trio and other special guests.
