

**NEVILLE PUBLIC MUSEUM**  
OF BROWN COUNTY  
**BRIDGING COMMUNITIES, CONNECTING GENERATIONS**

**FOR IMMEDIATE RELEASE:**

***Generations Gallery* Introduces Childhood**

Green Bay, WI—July 21, 2021— For over a century the Neville Public Museum has collected and preserved history. We encourage you to explore our vast collection through a variety of themes and the stories of the people of Northeastern Wisconsin in the *Generations Gallery*.

In the 2019-2020 core gallery renovation, we promised an accessible gallery that rotates the museum's artifact collection to provide a new experience at each visit. We are happy to announce that we have updated *The People of Northeastern Wisconsin* section to focus on childhood.

Although the groups of people living in this region may seem different from each other, they have much more in common. Language, traditions, beliefs, clothing, music, and food are elements of all cultures. The ways people express these elements make each culture unique. Come and discover in this updated section how children played, traveled, learned, and dressed in Northeastern Wisconsin.
